The Prez Sez...

By Mike Gradinjan

Say Hey, SHARKSters!

This will be a little short on content. I ended up making 2 extended Daddy-Do trips to Detroit in the last few weeks, and I just haven't caught up yet. Luckily, the retirees have really stepped up and have kept the field and main runway in tip top shape! The equipment keeps running with only occasional minor glitches, and the roofs haven't leaked. Life is good!

We've had a big influx of new members this year! I know I'd miss somebody if I tried to mention them all, so just introduce yourself to anyone you don't recognize at our meetings or at the field. This isn't fishing, so the more people in the club at any time is always a lot more fun, as evidenced by this picture!

The AHC has restarted their monthly movie nights, where we man the concession stand. This Friday, October 8, we'll be showing the movie [First Man](#) with Ryan Gosling, the story of Neil Armstrong, the first human to set foot on the moon. The movie starts at 7. Helpers and indoor flyers should be there at 6. We had a great crew last month, and I hope that continues. It makes Dave Meyer's life a lot easier. Please contact him if you can make it.

There's a SHARKS membership meeting in the AHC library at the airport this Saturday, October 9, from 10AM-12Noon. We'll discuss the progress we've made this year, what worked, what didn't, and start planning for 2022. We also have to decide if our dues structure will remain the same. I hope to see everybody there!

There will be a No-Prep RC Drag Racing event Sunday, October 10, from 10AM-4PM. Even if you don't have a car (yet), come on out and see what it's all about. Much to my surprise, Glenn & Chris' efforts may have made drag racing on the south end of the runway a bigger draw than the dirt track.

As always, contact me or any officer or board member with any questions or concerns you have, but in the meantime, Happy Flying RC'ing!

That's about it for now-

Mike
